TSEmpLaw – the essential employment and business immigration law app

We are pleased to announce the launch of a free smartphone/tablet app for all our clients and contacts: "TSEmpLaw".

The aim of the app is to give instant access to key employment law and business immigration facts and figures, as well as the latest legal updates, case law, and other HR-related news. In addition, it is a channel for people to access our business immigration practice and international service. It also provides an easy way to get in touch with any member of our team.

The app can be downloaded for free from the [App Store](#) (for iPhone/iPad) and [Google Play store](#) (for Android devices) by following the hyperlinks or searching "TSEmpLaw".

We hope you will find the app useful. We would be very pleased to hear what you think of it, or if there are any additional features or contents you would like to see included in the next version. Please get in touch with your usual Travers Smith contact or any of our partners, or email employment.lawapp@traverssmith.com.
