

ORGANIC PRODUCTS

ARTICLE 1

Objective and scope

1. The objective of this Annex is to set out the provisions and procedures for fostering trade in organic products in accordance with the principles of non-discrimination and reciprocity, by means of the recognition of equivalence by the Parties of their respective laws.
2. This Annex applies to the organic products listed in Appendices 14-A and 14-B which comply with the laws and regulations listed in Appendix 14-C or 14-D. The Partnership Council shall have the power to amend Appendices 14-A, 14-B, 14-C and 14-D.

ARTICLE 2

For the purposes of this Annex, the following definitions apply:

- (a) "competent authority" means an official agency that has jurisdiction over the laws and regulations listed in Appendix 14-C or 14-D and is responsible for the implementation of this Annex;
- (b) "control authority" means an authority on which the competent authority has conferred, in whole or in part, its competence for inspections and certifications in the field of organic production in accordance with the laws and regulations listed in Appendix 14-C or 14-D;
- (c) "control body" means an entity recognised by the competent authority to carry out inspections and certifications in the field of organic production in accordance with the laws and regulations listed in Appendix 14-C or 14-D; and
- (d) "equivalence" means the capability of different laws, regulations and requirements, as well as inspection and certification systems, of meeting the same objectives.

ARTICLE 3

Recognition of equivalence

1. With respect to products listed in Appendix 14-A, the Union shall recognise the laws and regulations of the United Kingdom listed in Appendix 14-C as equivalent to the Union's laws and regulations listed in Appendix 14-D.
2. With respect to products listed in Appendix 14-B, the United Kingdom shall recognise the laws and regulations of the Union listed in Appendix 14-D as equivalent to the United Kingdom's laws and regulations listed in Appendix 14-C.
3. In view of the date of application of 1 January 2022 of Regulation (EU) 2018/848 of the European Parliament and of the Council of 30 May 2018 on organic production and labelling of organic products and repealing Council Regulation (EC) No 834/2007, the recognition of equivalence referred to in paragraphs 1 and 2 shall be reassessed by each Party by 31 December 2023. If, as a result of that reassessment, equivalence is not confirmed by a Party, recognition of equivalence shall be suspended.
4. Without prejudice to paragraph 3, in the event of the modification, revocation or replacement of the laws and regulations listed in Appendix 14-C or 14-D, the new rules shall be considered equivalent to the other Party's rules unless a Party objects in accordance with the procedure set out in paragraphs 5 and 6.

5. If, following the receipt of further information from the other Party that it has requested, a Party considers that the laws, regulations or administrative procedures or practices of the other Party no longer meet the requirements for equivalence, that Party shall issue a reasoned request to the other Party to amend the relevant laws, regulations or administrative procedures or practices, and shall provide the other Party with an adequate period, which shall not be less than three months, for ensuring equivalence.
6. If, following the expiry of the period in paragraph 5, the Party concerned still considers that the requirements for equivalence are not met, it may take a decision to unilaterally suspend the recognition of equivalence of the relevant laws and regulations listed in Appendix 14-C or 14-D, as regards the relevant organic products listed in Appendix 14-A or 14-B.
7. A decision to unilaterally suspend the recognition of equivalence of the laws and regulations listed in Appendix 14-C or 14-D, as regards the relevant organic products listed in Appendix 14-A or 14-B may also be taken, following the expiry of a notice period of three months, where a Party has not provided the information required under Article 6 or does not agree to a peer review under Article 7.
8. Where recognition of equivalence is suspended in accordance with this Article, the Parties shall, at the request of a Party, discuss the matter within the Working Group on Organic Products and they shall make every effort to consider possible measures that would enable recognition of equivalence to be restored.

9. With respect to products not listed in Appendix 14-A or 14-B, equivalence shall be discussed by the Working Group on Organic Products at the request of a Party.

Those products may bear the Union's organic logo, any United Kingdom organic logo or both logos, as set out in the relevant laws and regulations, provided that those products comply with the labelling requirements for the respective logo or both logos.
2. The Parties undertake to avoid any misuse of the terms referring to organic production in relation to organic products that are covered by the recognition of equivalence under this Annex.

3. The Parties undertake to protect the Union's organic logo and any United Kingdom organic logo set out in the relevant laws and regulations against any misuse or imitation. The Parties shall ensure that the Union's organic logo and any United Kingdom organic logo are used only for the labelling, advertising or commercial documents of organic products that comply with the laws and regulations listed in Appendices 14-C and 14-D.
